

HILLSIDE FAMILY DENTISTRY

Seattle, WA.

Location

3810 South Ferdinand Ave.
Seattle, Washington

Project Description

Dr. Carl J Gross III was forced to relocate his dental practice because of the Sound Transit rail project. Dr. Gross selected SEA CON as the relocation consultant for his project. While we were working as Dr. Gross's relocation consultant he also hired us as his design-build construction manager/general contractor.

Working close with design the professionals, dental suppliers, and sub-contractors SEA CON constructed Dr. Gross's dental office which is complete with two (2) dental operatories. Planning for future growth, the systems were designed with dental utilities and power caped off for two (2) future operatories.

Actual Work Performed

Relocation consultant, Construction manager/General contractor

Architect

Olympic Associates

Owner

Dr. Carl J Gross III
